Kings Meadow Primary School
History Curriculum Aims

At Kings Meadow, history inspires pupils’ curiosity, leading them to ask relevant questions and think critically when searching for answers.

Our curriculum teaches pupils to recognise similarities and differences between periods in history and see how the past has shaped the present.

The history we teach encourages pupils to explore how the world has changed, the processes involved and the impact and legacy of change.

At Kings Meadow, chronology helps pupils see the ‘big picture’ of the historical narrative, enabling pupils to make connections made between different periods from the past and the present.

Our curriculum is brought alive for our children through investigating and asking questions about the past, present and future.
