

A cartoon illustration featuring four school animals: a green frog, a green dinosaur, a brown rabbit wearing glasses, and a white duck. They are all wearing blue school uniforms with a circular logo on the chest that says 'KINGS MEADOW PRIMARY'. The animals are positioned around a large globe. The globe has the school's circular logo in the center, which includes a tree and the text 'KINGS MEADOW PRIMARY SCHOOL'. The letters 'CP' are visible on the left side of the globe, and 'turn' is visible on the right side. The background is a light blue sky with a few clouds.

Kings Meadow Primary School Maths Curriculum Aims

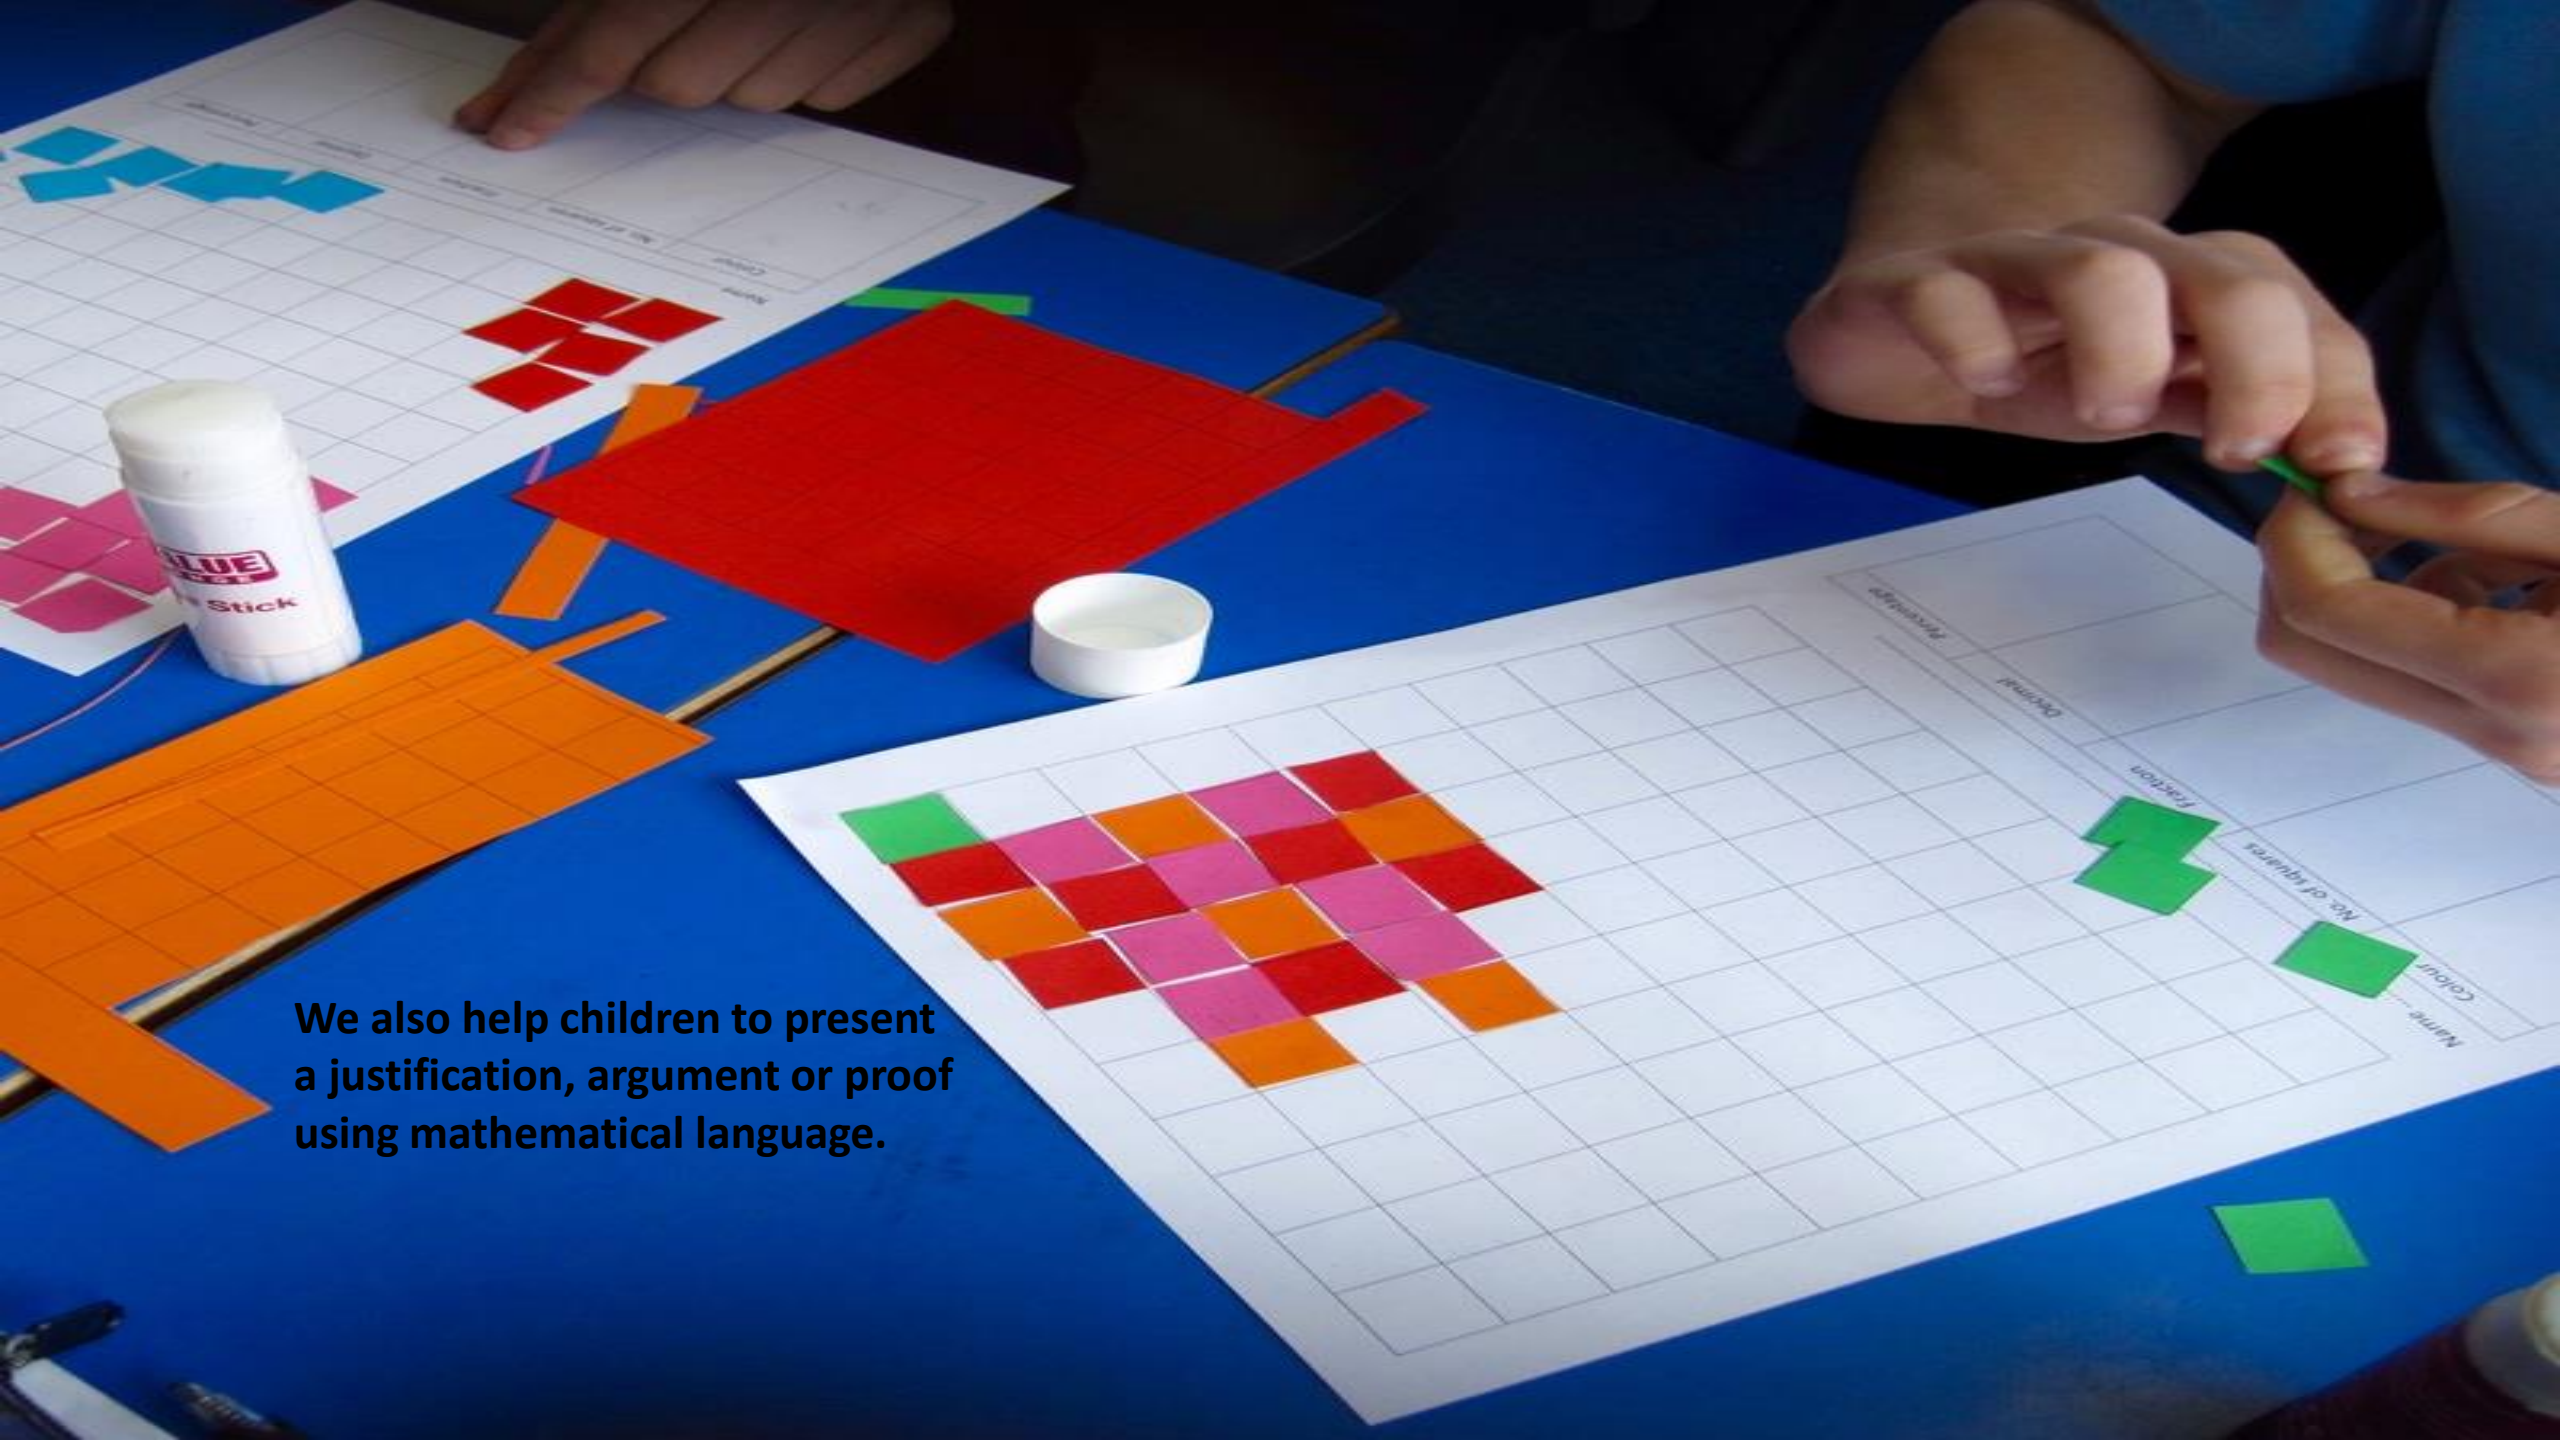

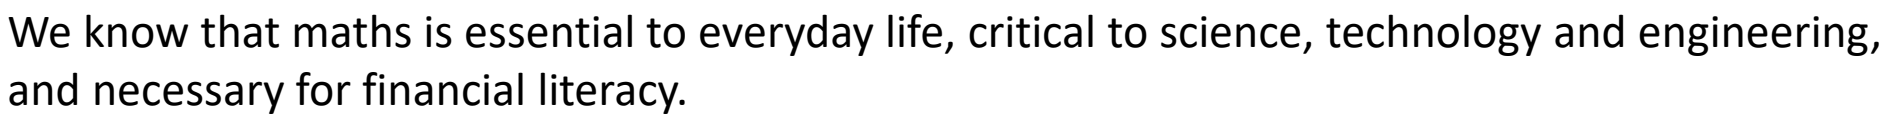

At Kings Meadow, maths gives children the ability to develop their conceptual understanding and the ability to recall and apply knowledge accurately.

Maths at Kings Meadow develops problem solving skills and allows pupils to tackle problems in unfamiliar concepts and to model real-life scenarios.

We also help children to present a justification, argument or proof using mathematical language.

At Kings Meadow, we believe that maths ultimately provides a foundation for understanding the world, the ability to reason mathematically, an appreciation of the beauty and power of mathematics, and a sense of enjoyment and curiosity about the subject.
