Kings Meadow Primary School P.E Curriculum Aims

At Kings Meadow, PE gives children the tools and understanding required to make a positive impact in their own physical health and well-being.

PE at Kings Meadow lets children experience a wide variety of sports and physical skills which will enhance life-long fitness and life choices.

We challenge and promote self-esteem through the development of physical confidence and problem solving.

At Kings Meadow, PE can teach children to cope with both success and failure in competitive, individual and team based physical activities.

We believe that Dance allows children to perform dances, express feelings and compare their performances with previous ones and demonstrate improvement to achieve their personal best.
